

Cities is not
only with
buildings but
also parks and
a lot of
greenery

Flora and
fauna are
equally
important in
cities

Considers the necessities of all residents and responds accordingly

Creates safe spaces for residents

Facilitates local cultures and activities

Accessible for those with physical disabilities

Considerate of those who are blind and deaf (crosswalk signs that beep when they can cross, etc)

Easy access to nutritious foods (no food deserts)

Safe water systems

A city for all has different modes of transportation that meet the needs of all who travel

A city for all has a lot of resources available to its residents. For example, mutual aid and mental health resources.

is accessible for residents with disabilities

A city for all celebrates individual cultures while also cultivating a shared culture within that community

contains affordable housing programs so that the city is not so separated by socioeconomic statuses

equity in public school systems

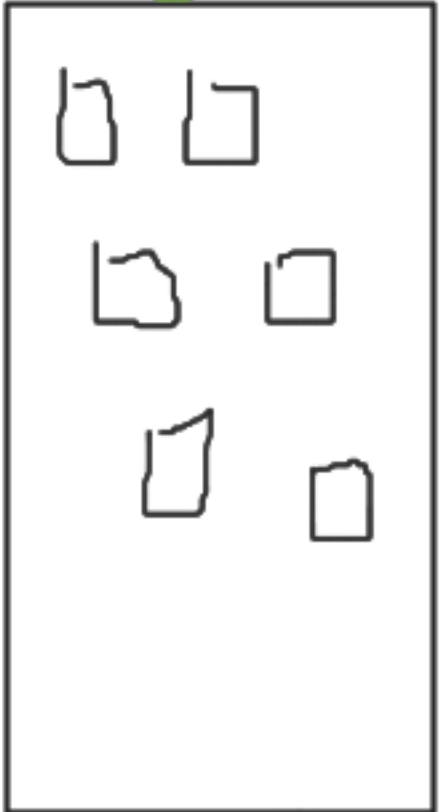

fights against gentrification

green
space

affordable
housing that
is safe and
clean

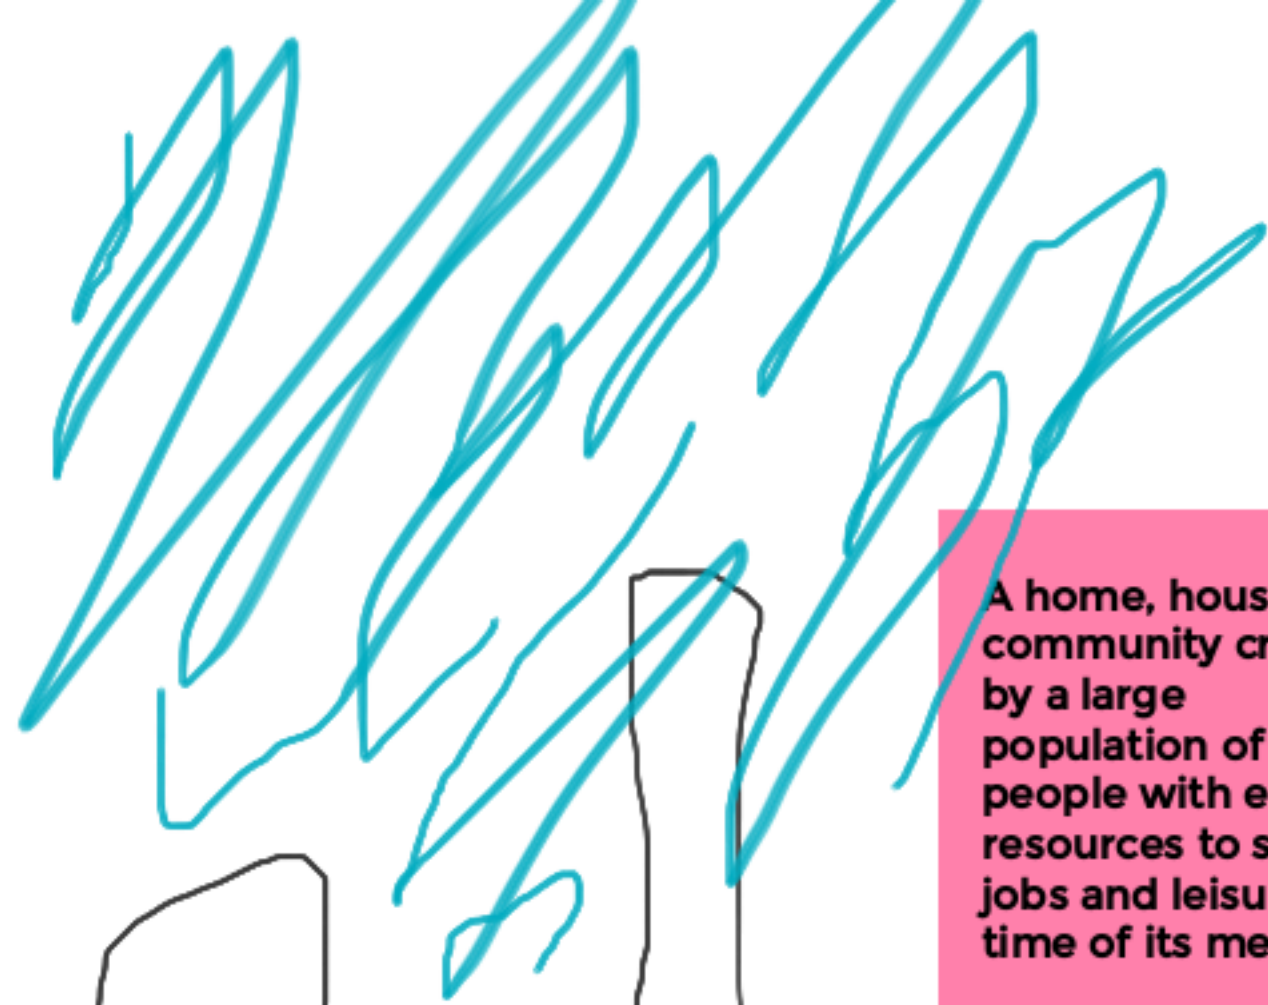

jobs (this
person is
wearing a
construction
hat, I just
can't draw)

roads + other
types of
infrastructure
in good repair

WOW! Great
detail ;D

**A home, house, and
community created
by a large
population of
people with enough
resources to support
jobs and leisure
time of its members.**

A city for all is clean, eco friendly and walkable, it accommodates for all (the needs) of the community and encourages people to be out and about, feeling welcomed by the scenery and many things to do there. It reflects the cultures of the citizens who reside there. It is a positive place to be.

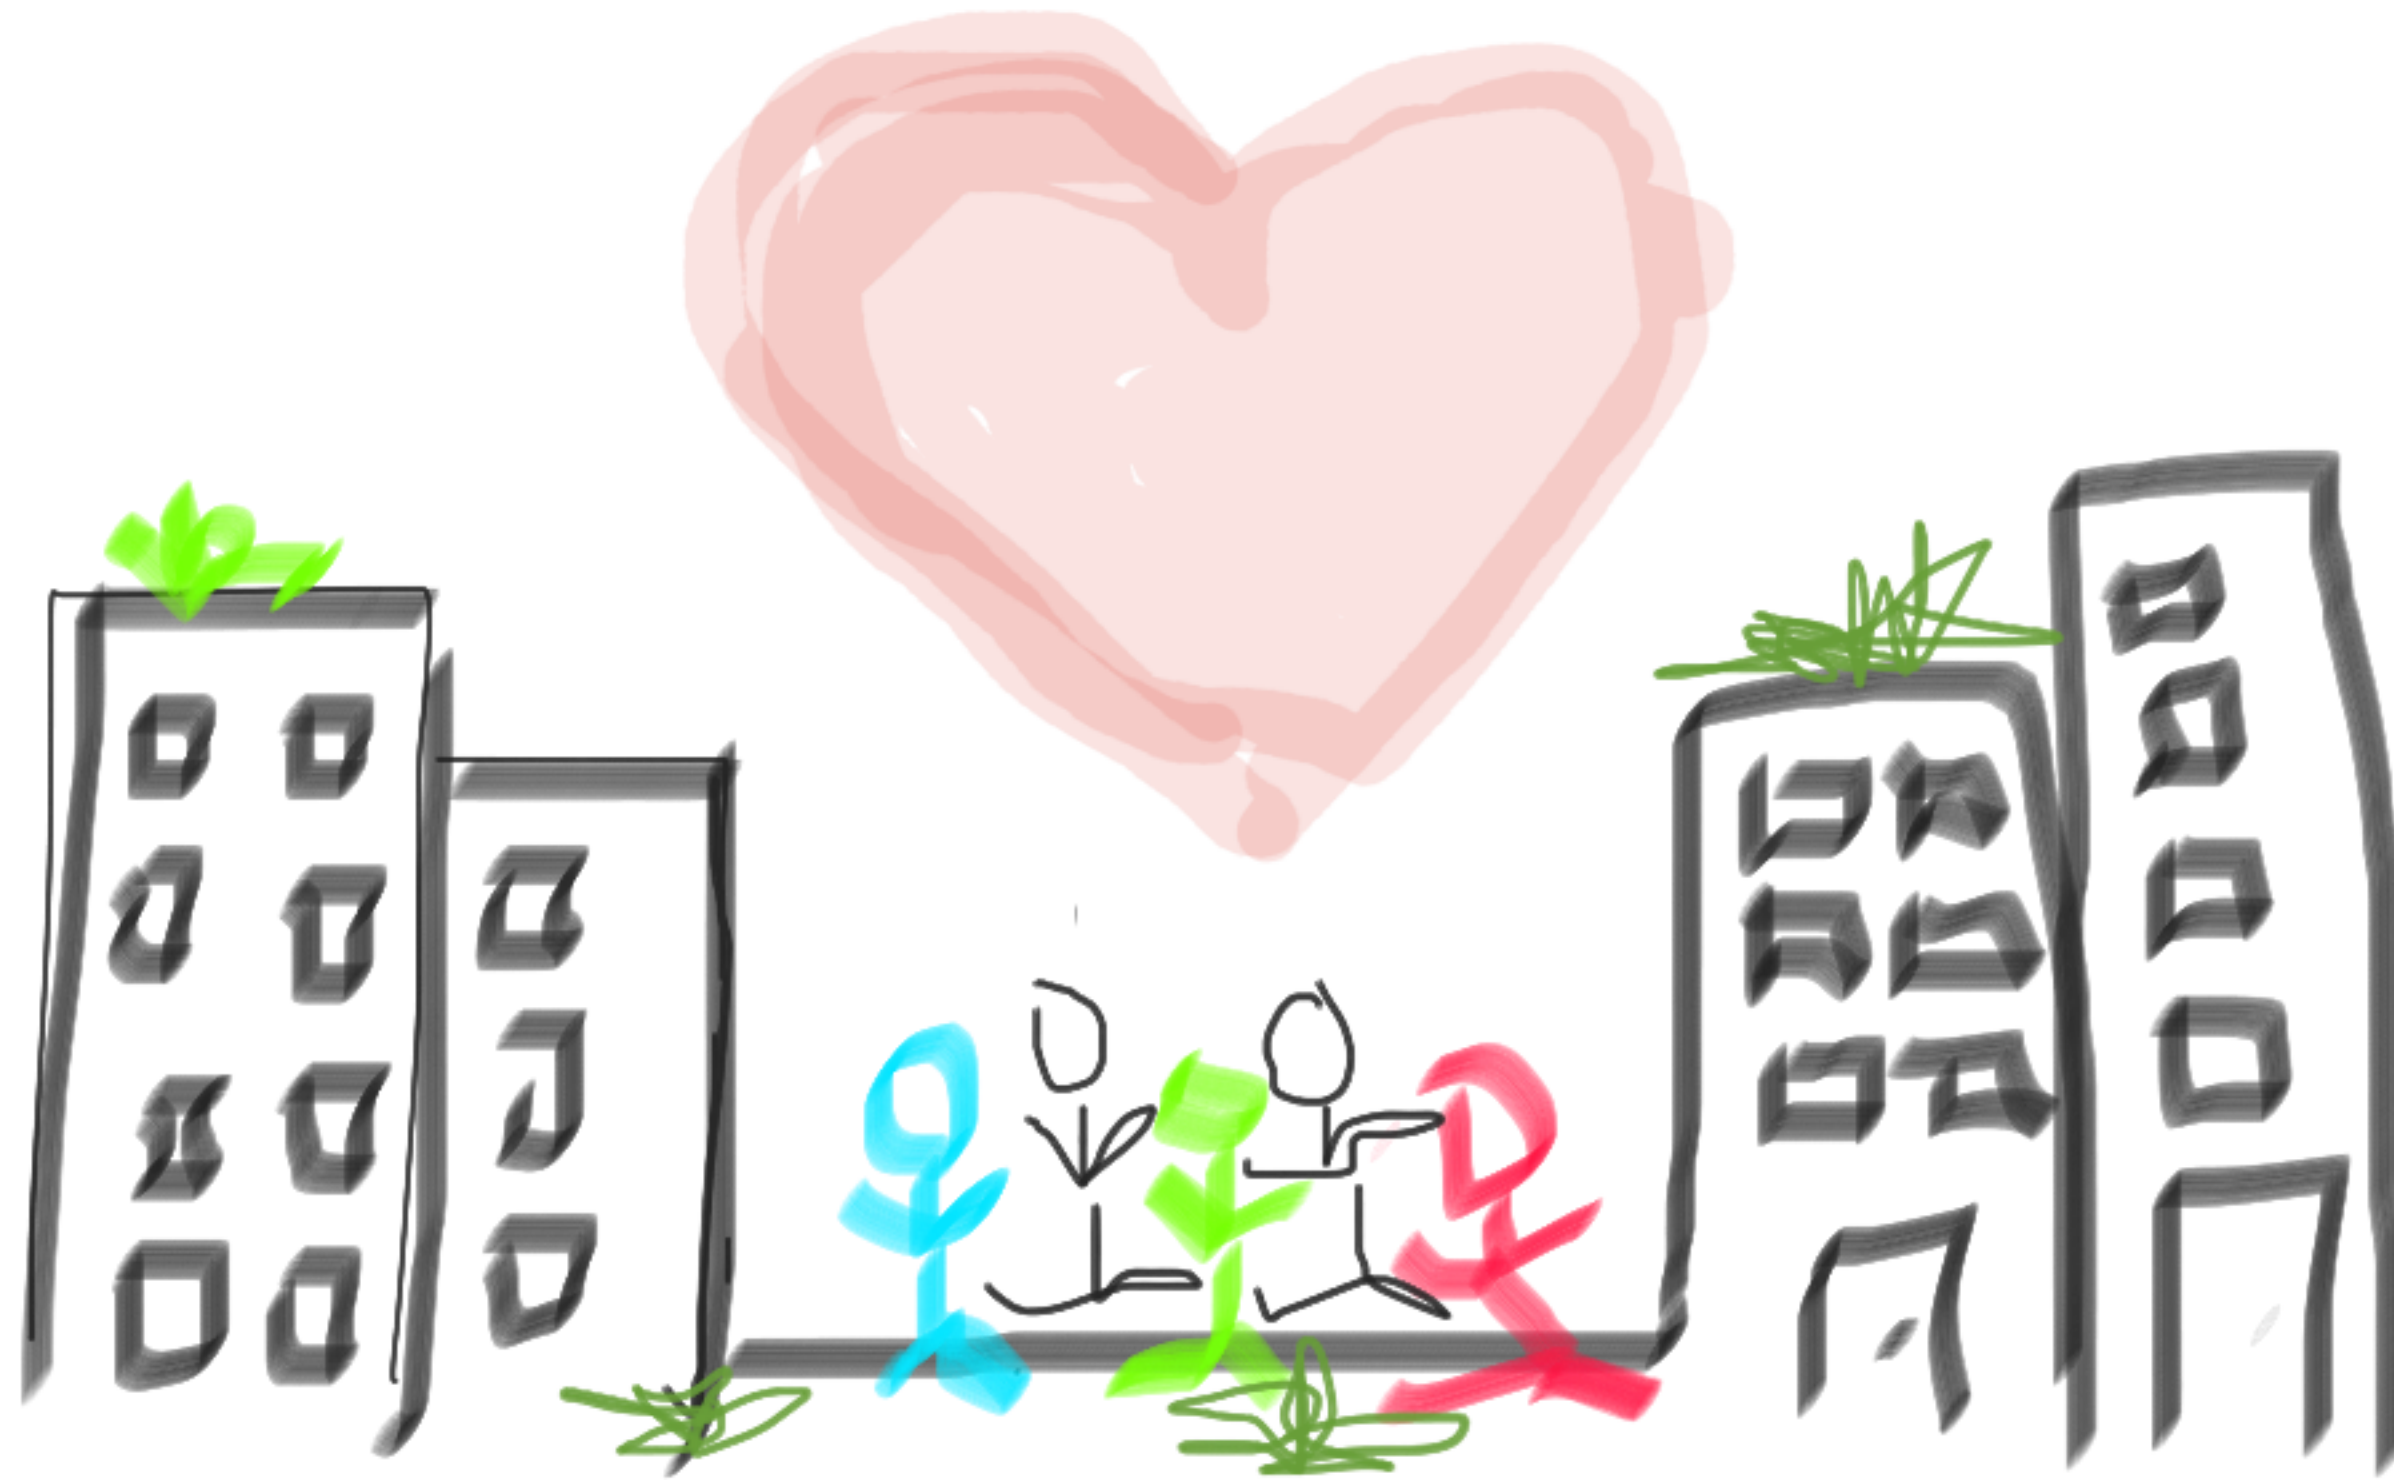

a city for all is
accessible for
everyone

**A city
for all!**

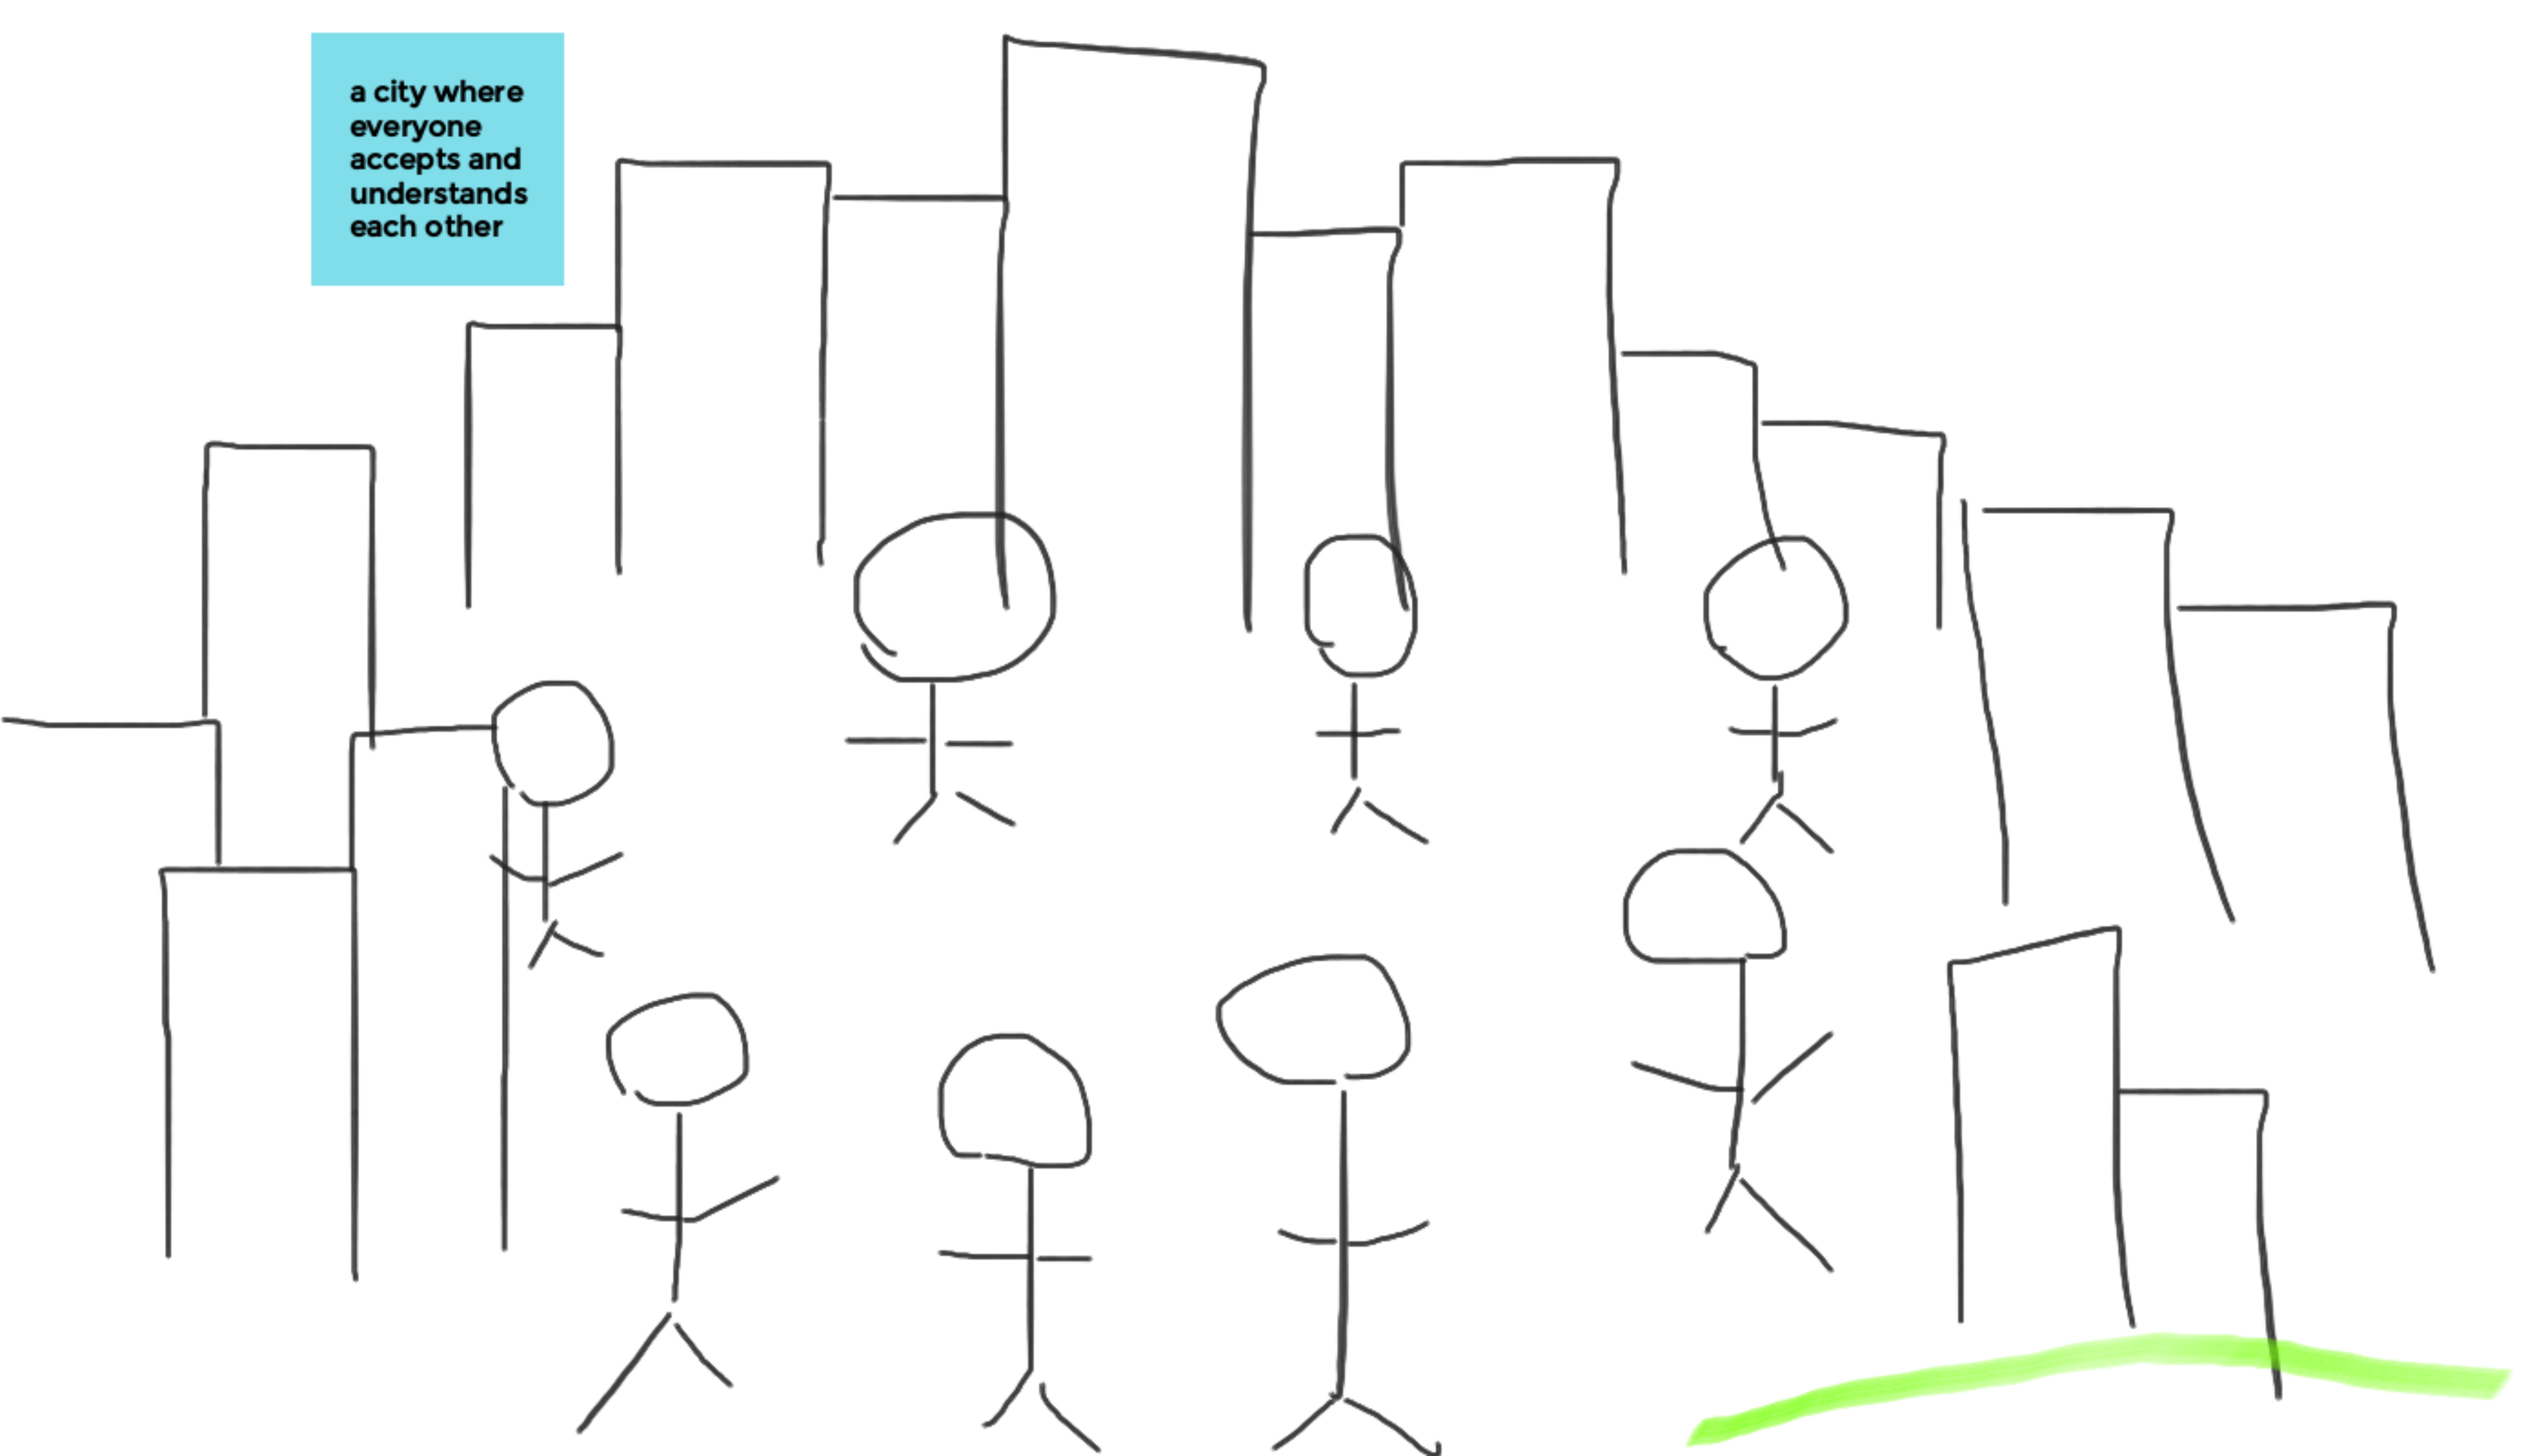

city where people
can gather and feel
safe/comfortable

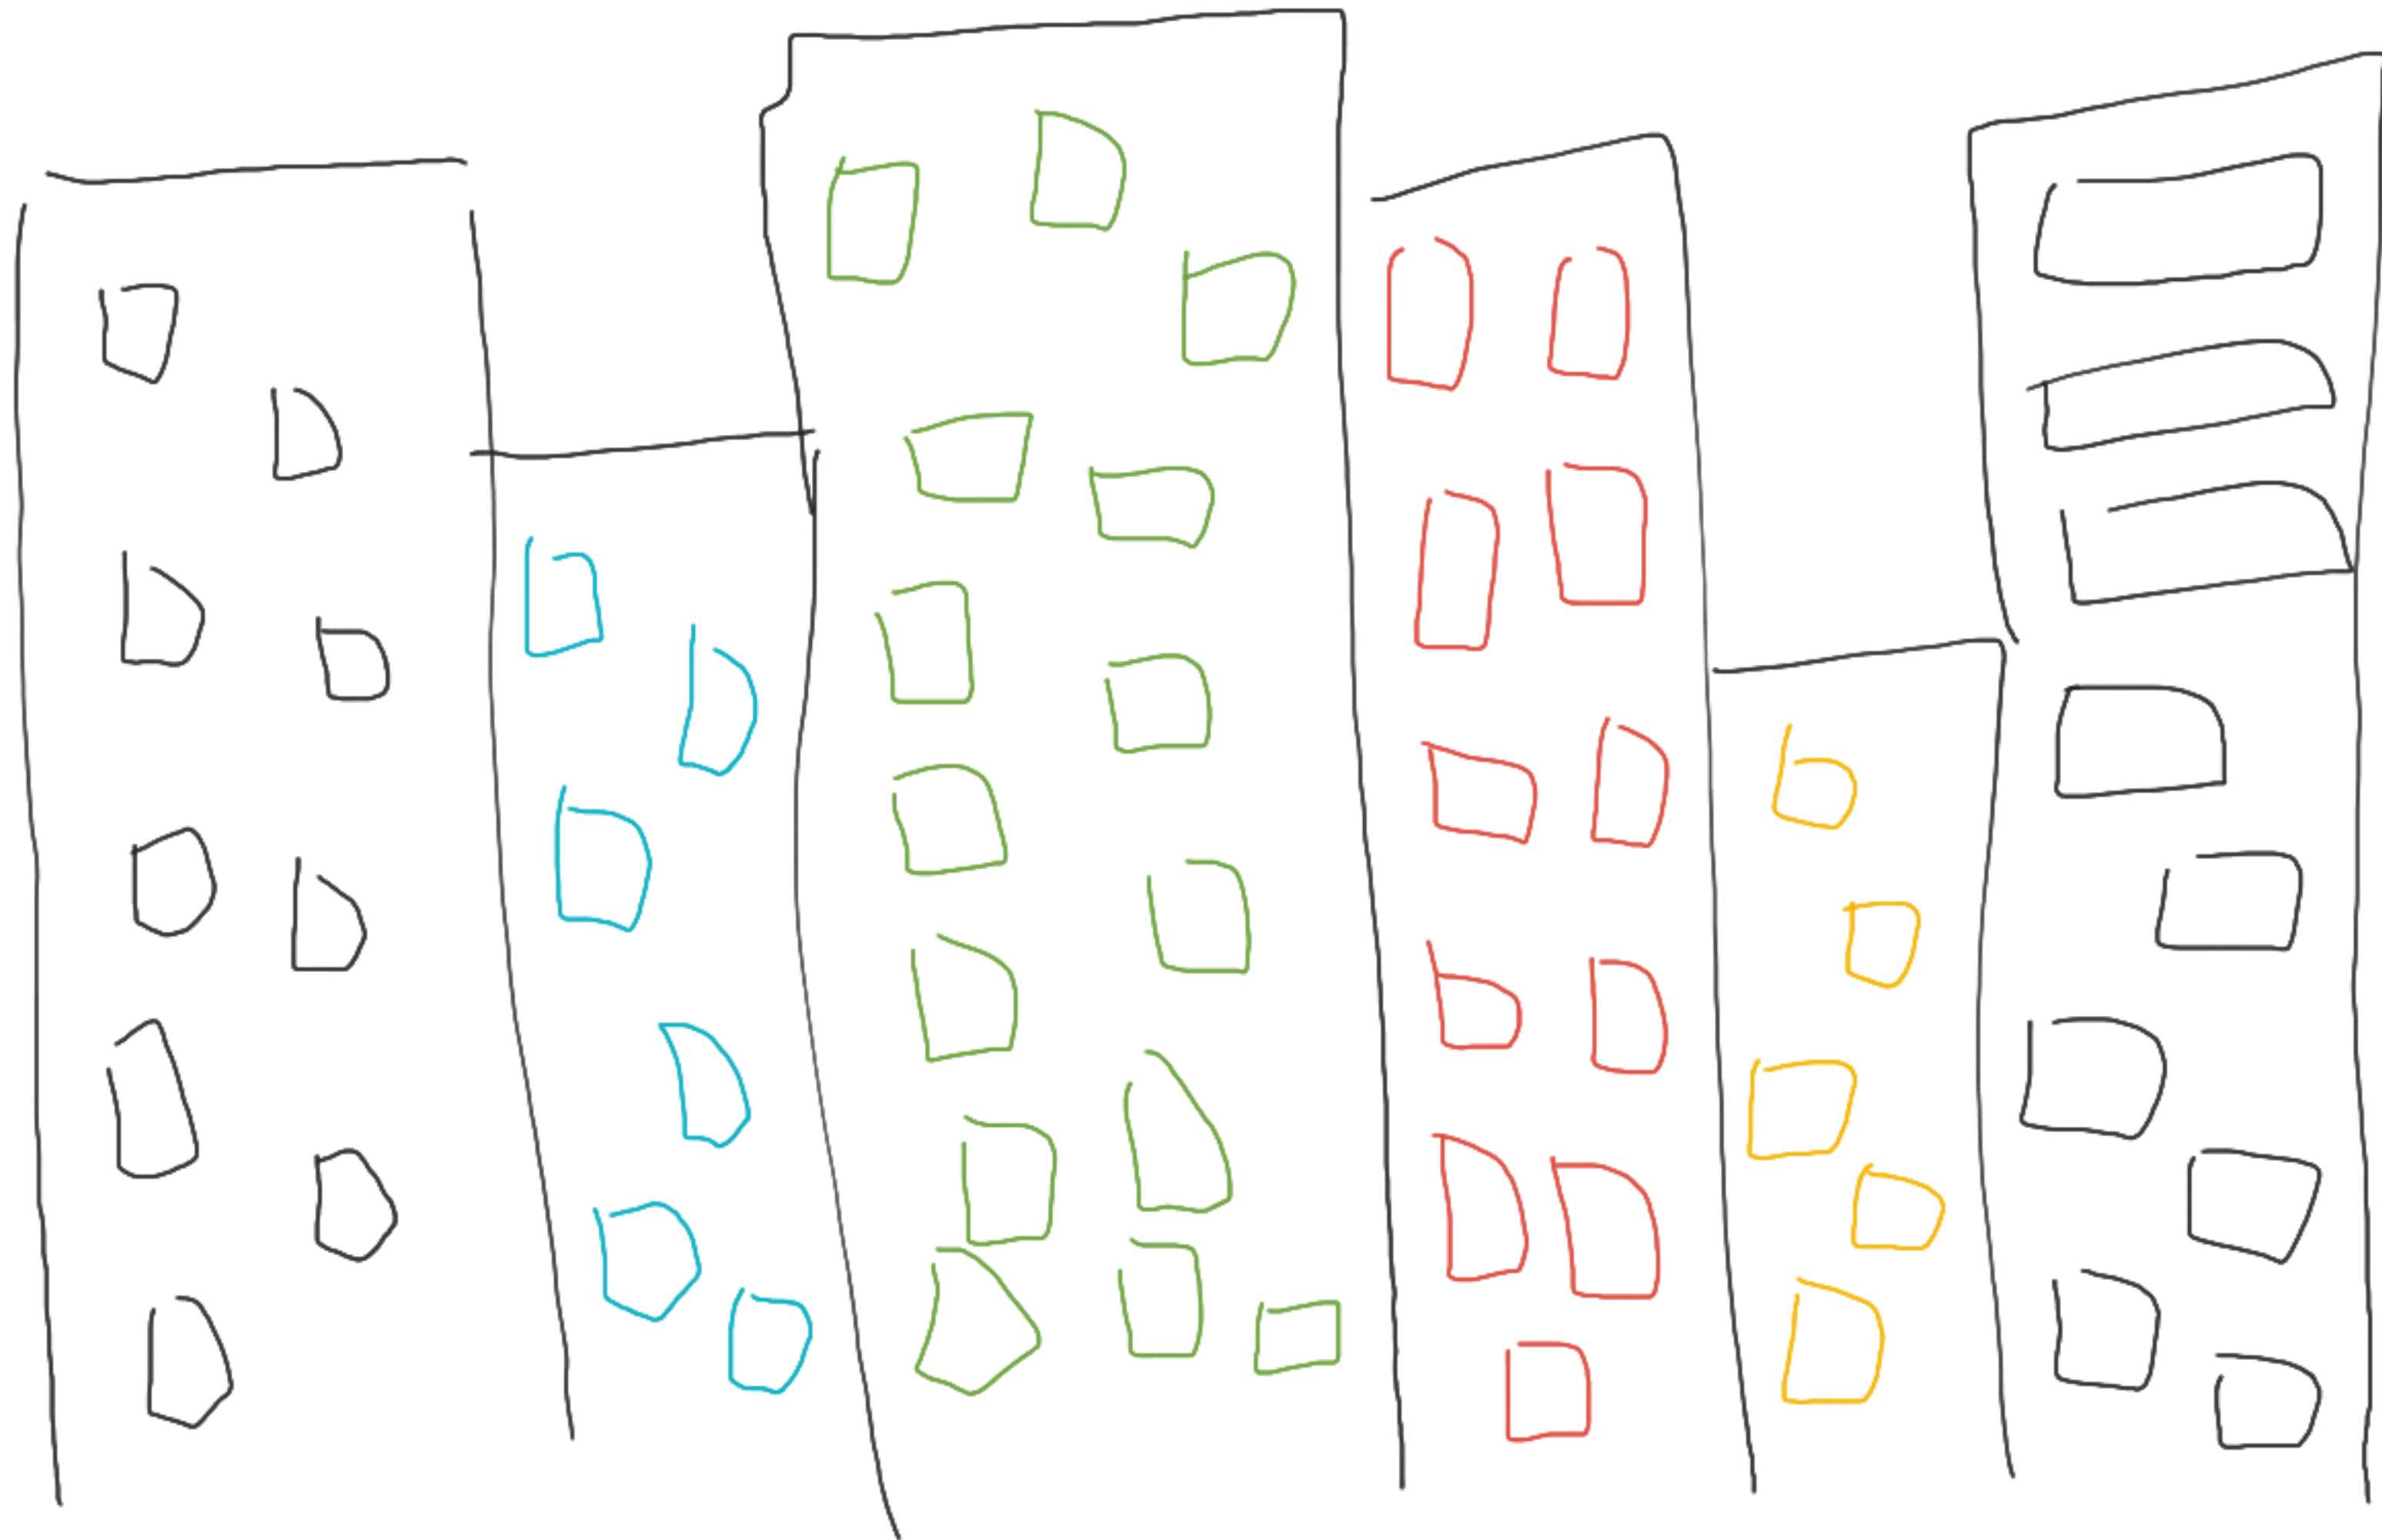

Place where
people feel
they belong

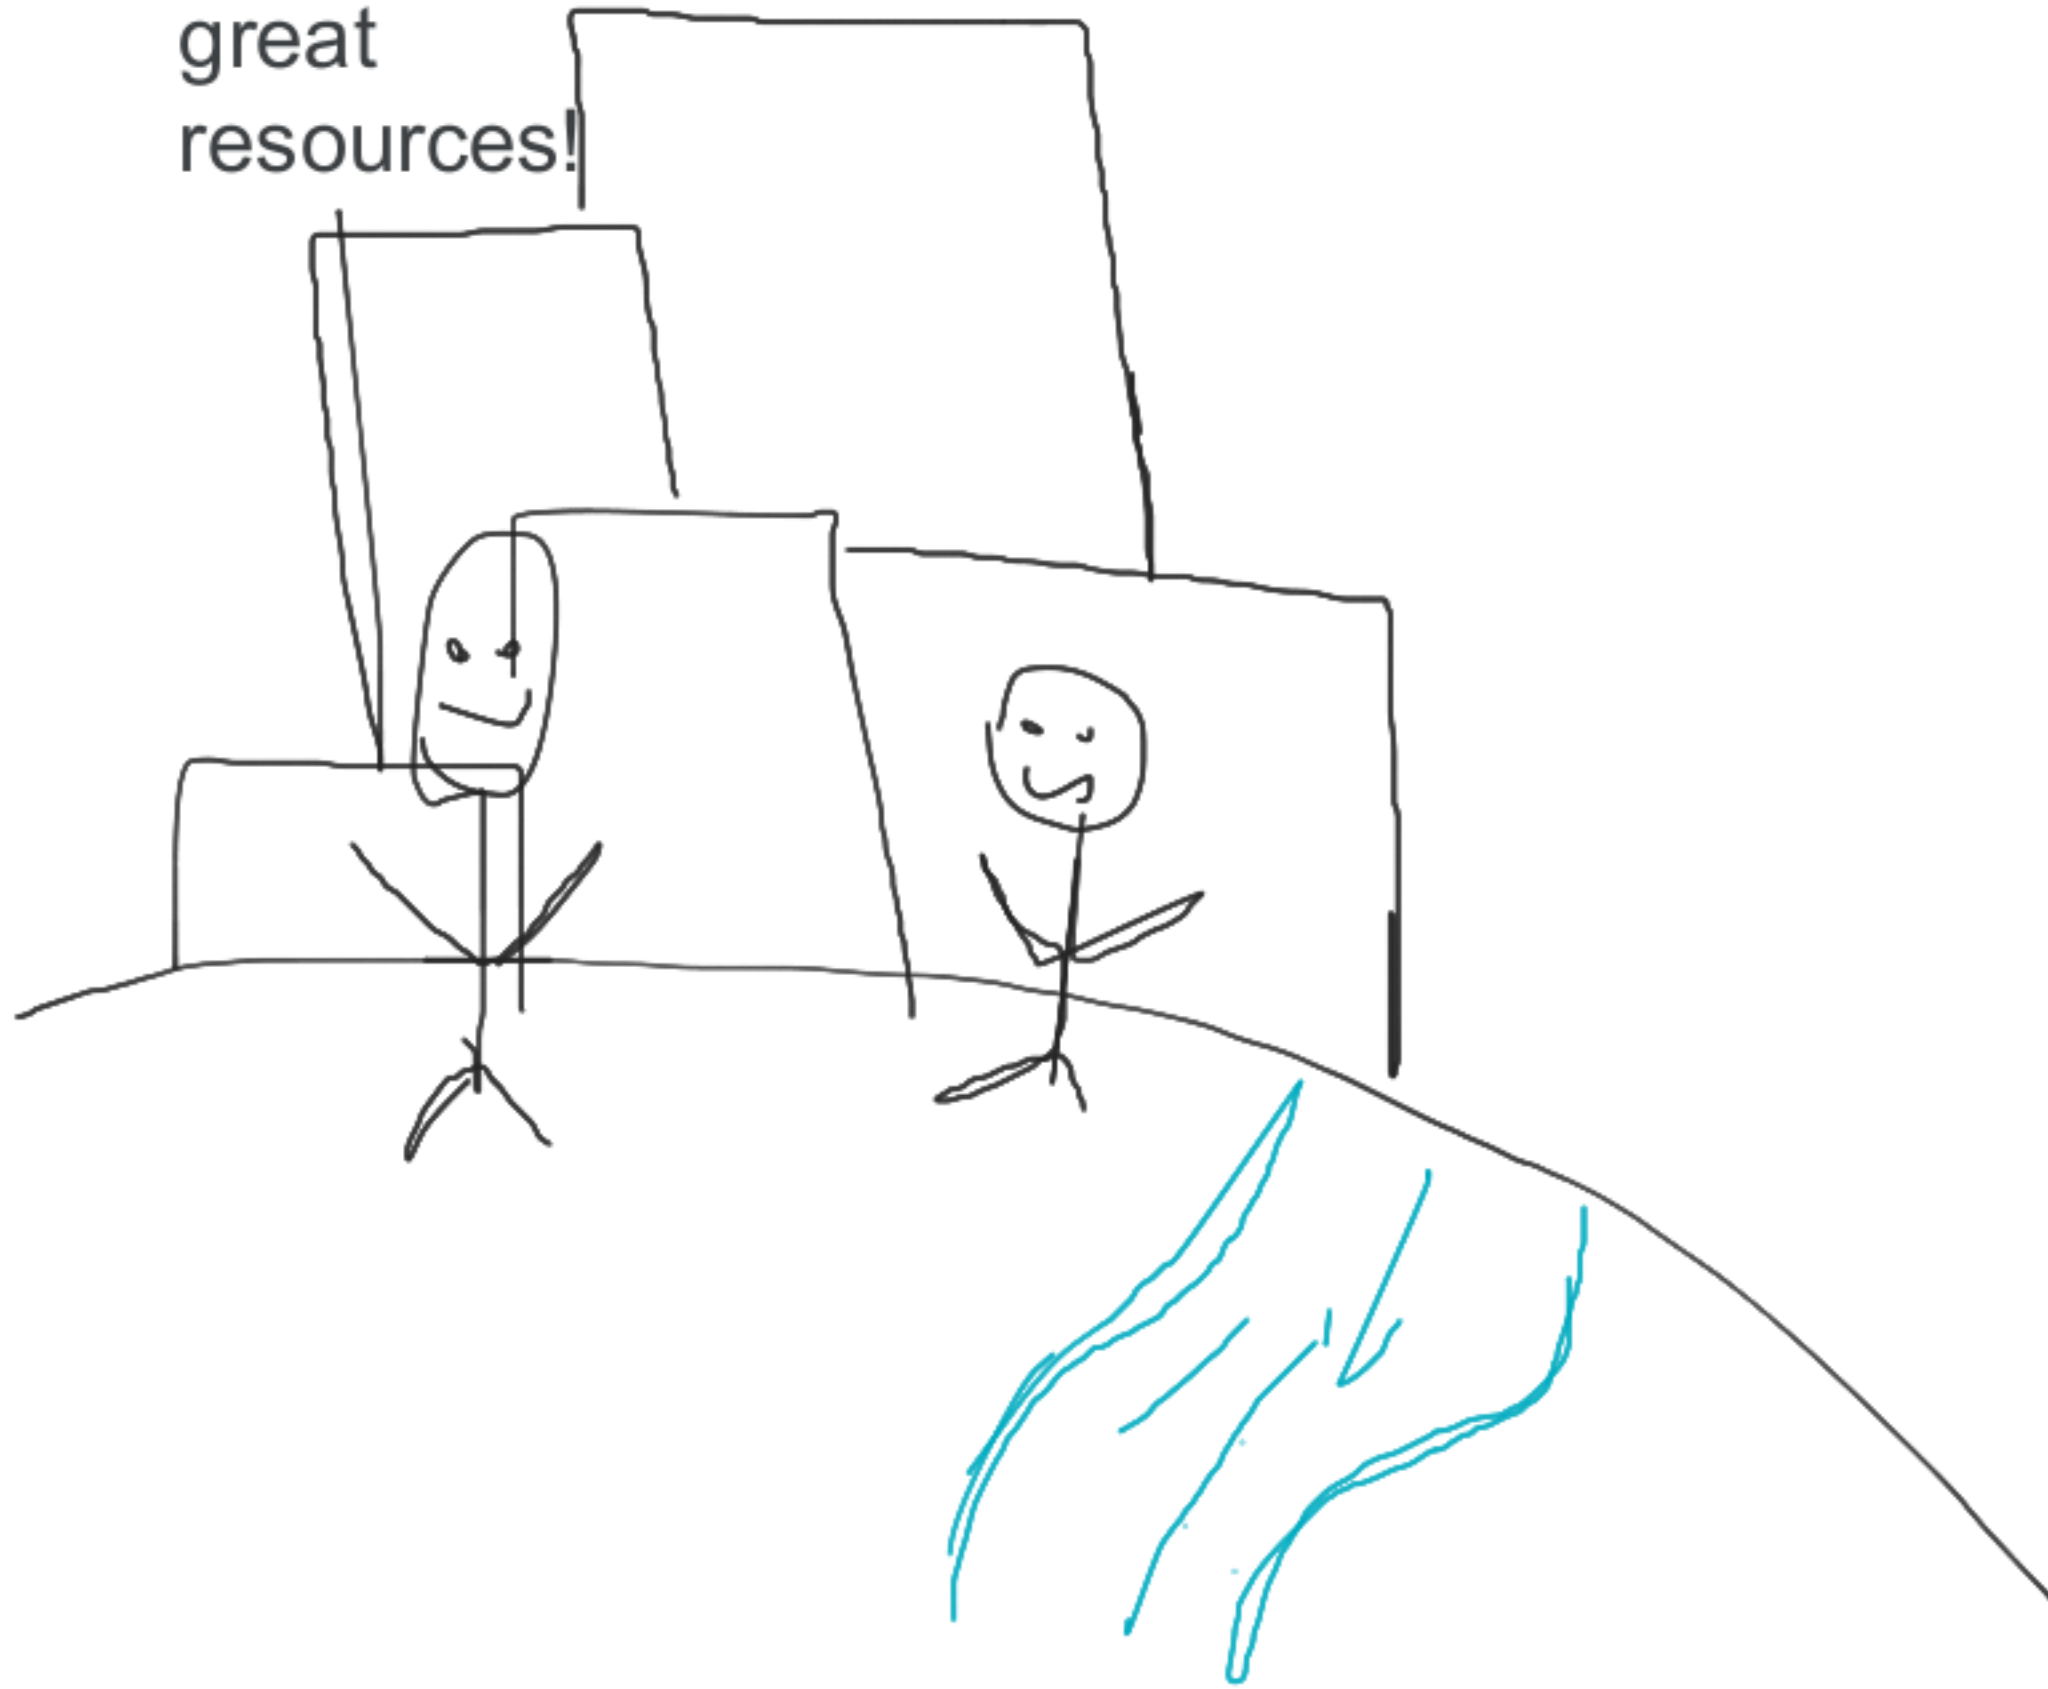

a city where
everyone
accepts and
understands
each other

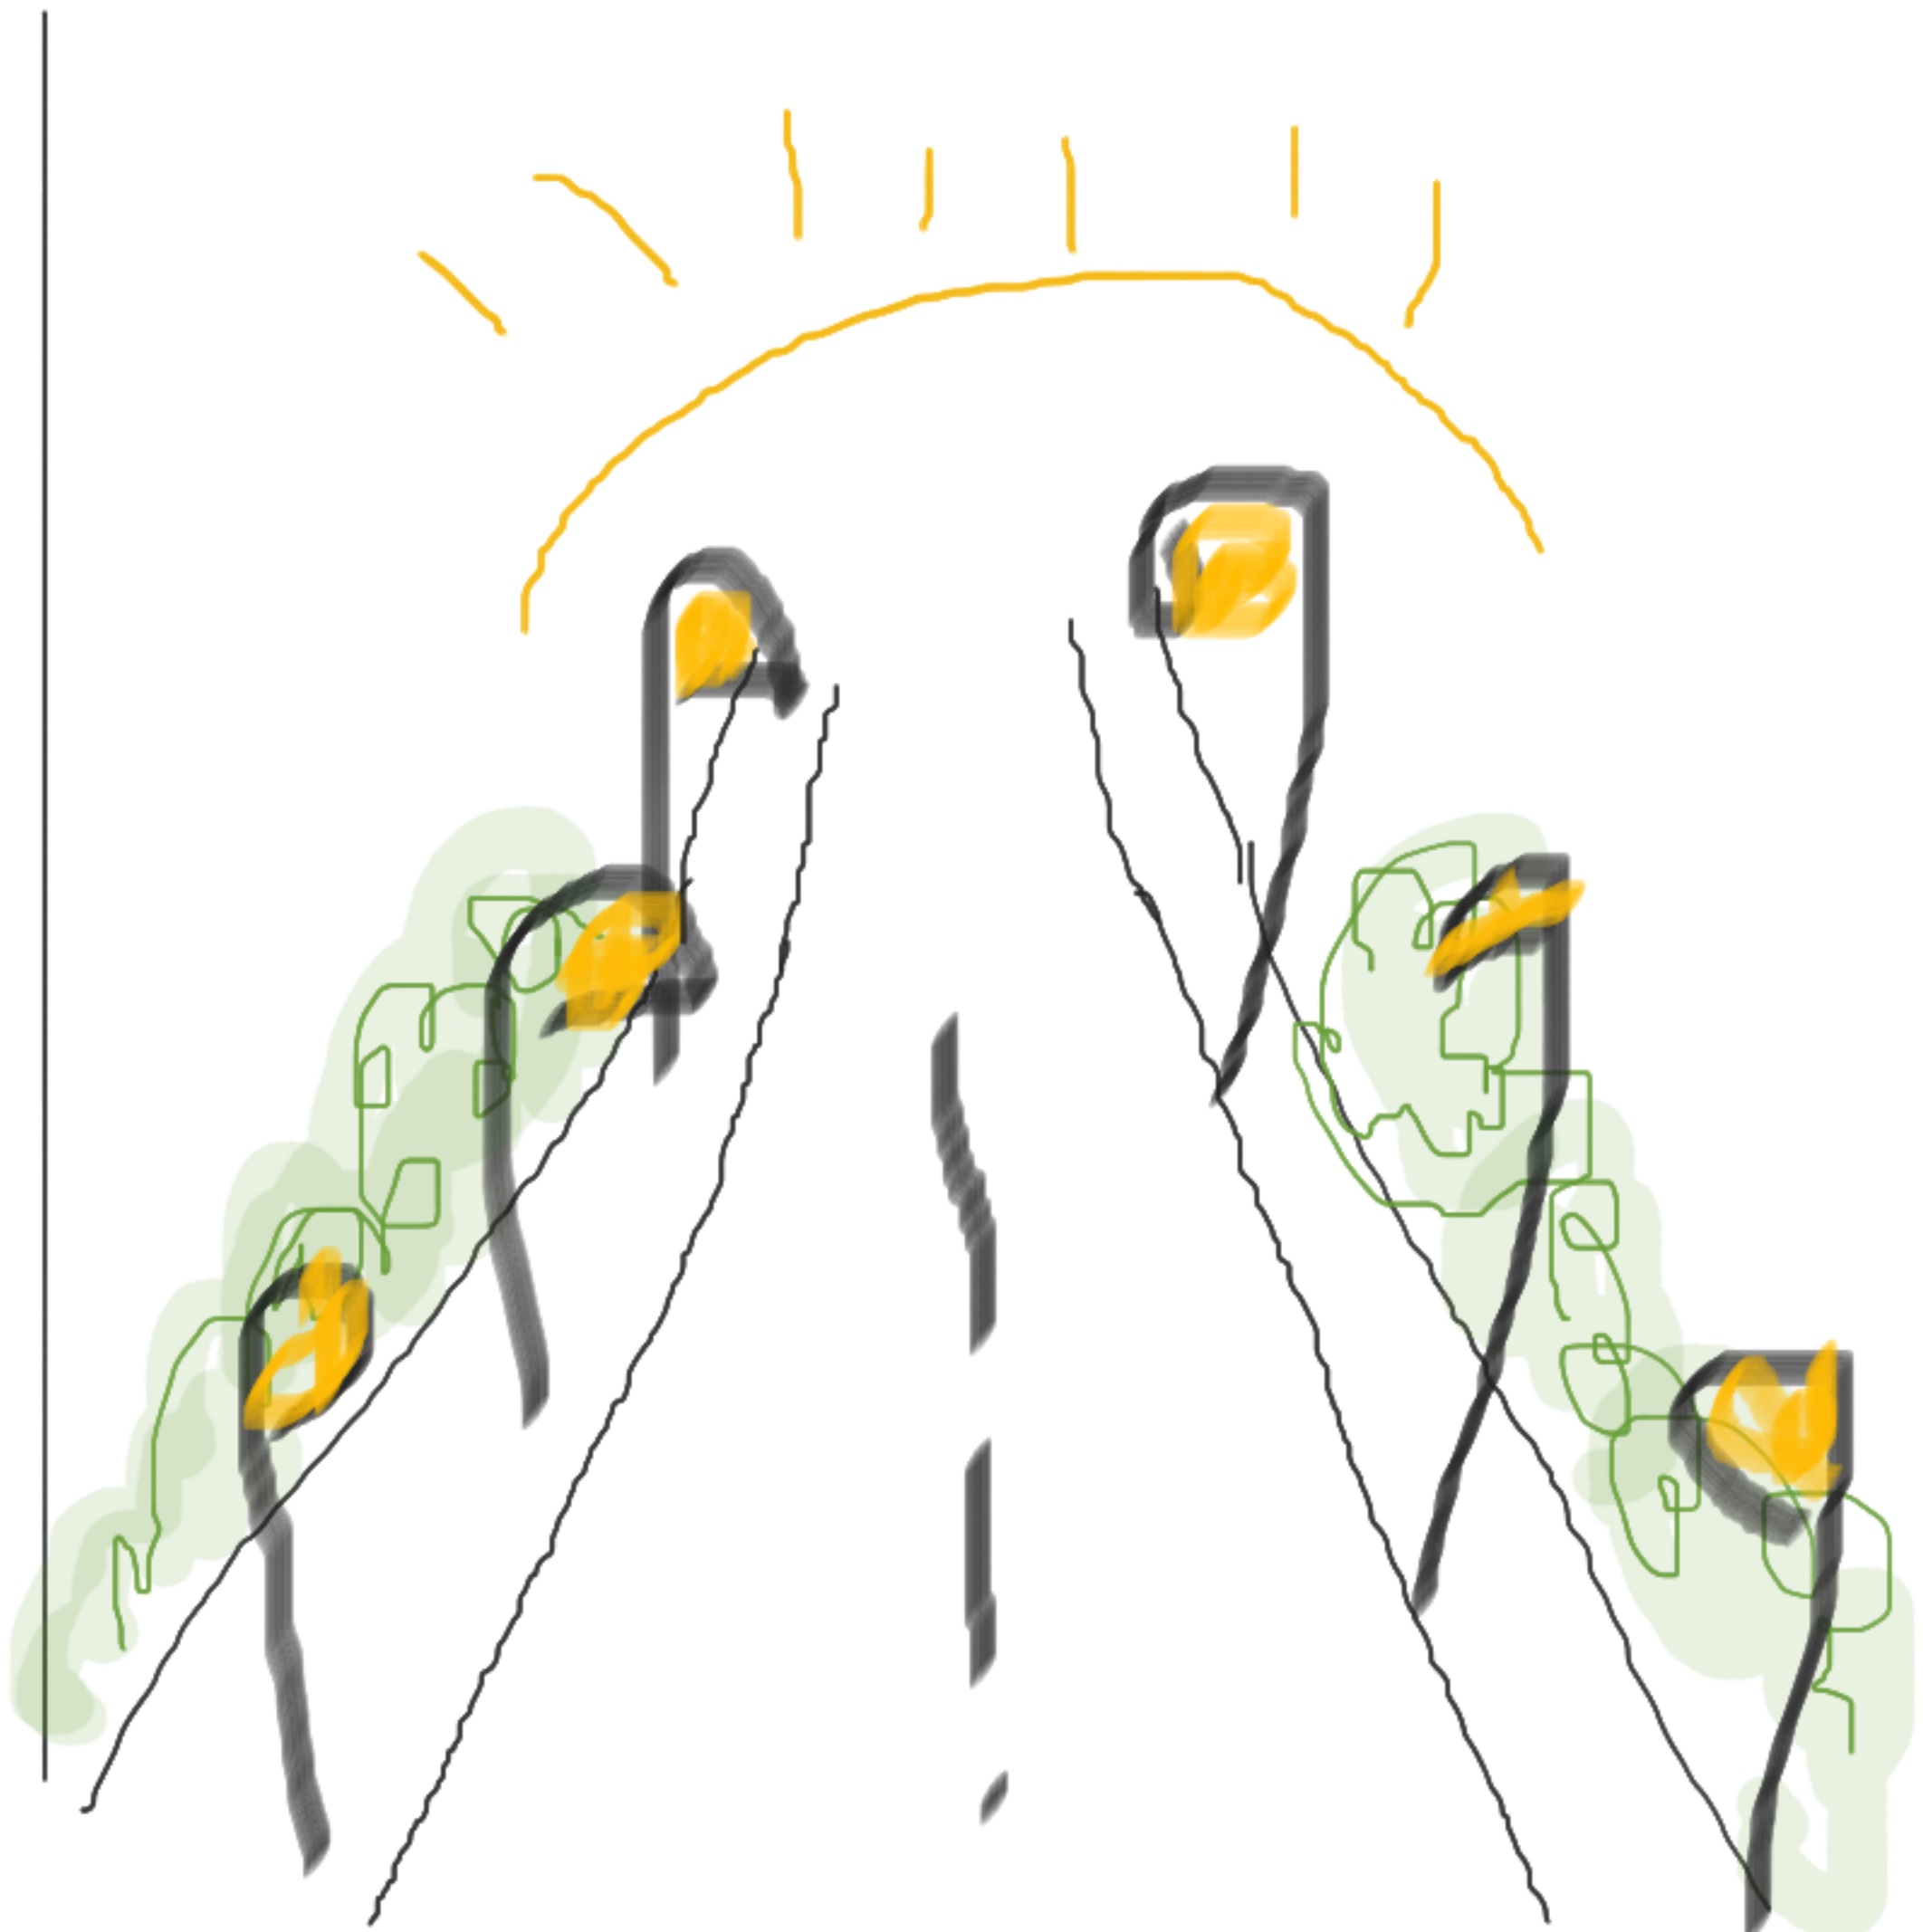

equal opportunities, equal
chances of success,
dependence on one another
great
resources!

A city for all is a city in which people of all walks of life can find economic opportunities, housing, and can have their basic needs met.

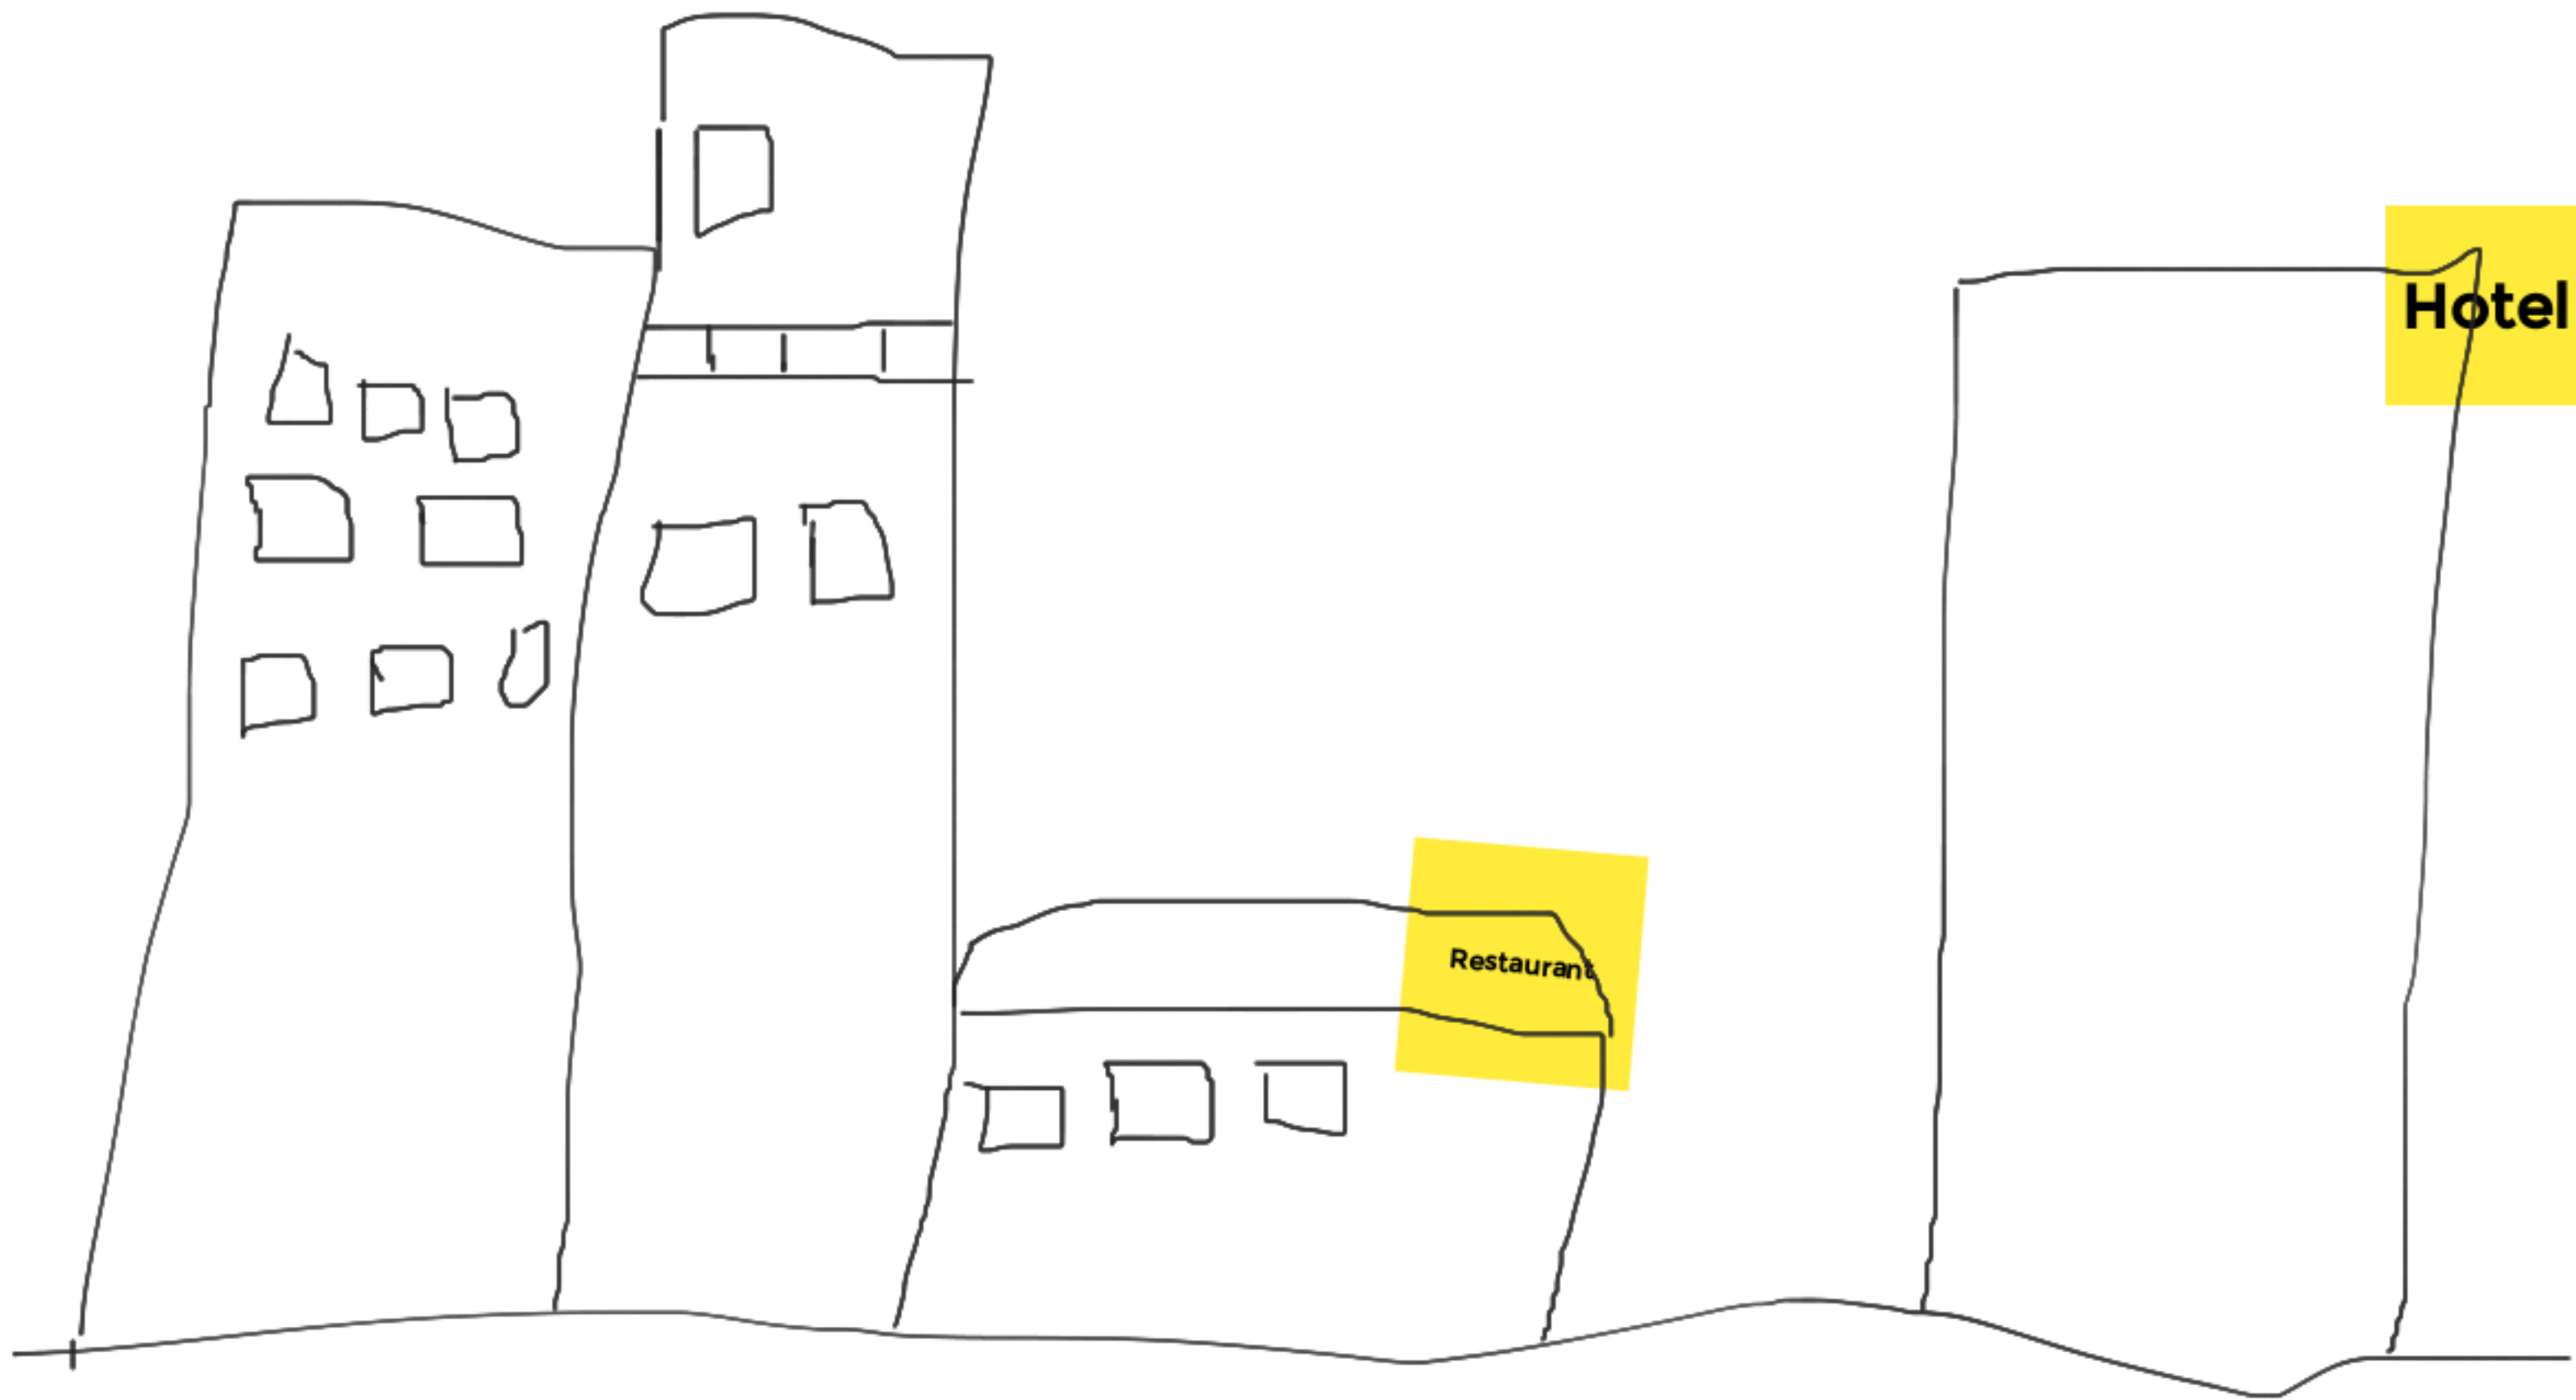

City which
gives friendly
environment.

affordable living, with lots of
green spaces and areas
people can gather to build a
sense of community

a city for all has areas
everyone feels comfortable in.
Safety is extremely important.

city in specific terms because cities are so different. Janesville, WI, for example, has high poverty rates and low opportunities. Brookfield, WI, on the other hand has a plethora of opportunities and relatively low poverty

A city is a place where people are allowed to share their ideas and personalities freely

A city is a place filled with opportunities. Unfortunately, cities are also filled with poverty and misfortune. Not everyone has equal housing or equal opportunity.
